

**Jesus Taught an Unexpected Servant-Kingdom**  
**Part Four of *Jesus Unexpected***  
**Power Connection 10.02.11**

In Mark 10:35-45, what did James and John ask Jesus to do for them? Why would they ask something like this?

What does Jesus mean when he says are you able to drink from the cup that I drink or be baptized with which I am baptized?

What does it mean in verse 41 when it says the other disciples began to be indignant?

How do the rulers of the Gentiles treat the people that they rule over?

How does Jesus say rulers should act?

Even Jesus who was the greatest among people came to serve not to be served, what are some ways that Jesus served people? (ex. Healings, miracles, etc.)

We can't do miracles like Christ could but we can still follow Christ's example and serve people who are some people in our lives that we can serve and how can we serve them?
